Know Your Endorser

- The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

If You Cash Checks for Others

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence.* Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

If You Get Checks Cashed

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

INTRODUCTION
AND
GENERAL INDEX

THE SACRAMENTO DIRECTORY CO., publishers of the Sacramento Directory, present to subscribers and the general public, this, the 1962-63 edition.

Confidence in the continued growth of Sacramento's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Sacramento to the world.

The enviable position occupied by the Sacramento Directory in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the Sacramento Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

I. THE BUYER'S GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyer's Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Sacramento, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Sacramento, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, is the fourth major department printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Sacramento and vicinity.

The Sacramento Directory Library

Through the courtesy of the publishers of the Sacramento Directory, a Directory Library is maintained in the Sacramento Public Library for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the Directory as an advertising medium, with assurance that it will bring a commensurate return.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

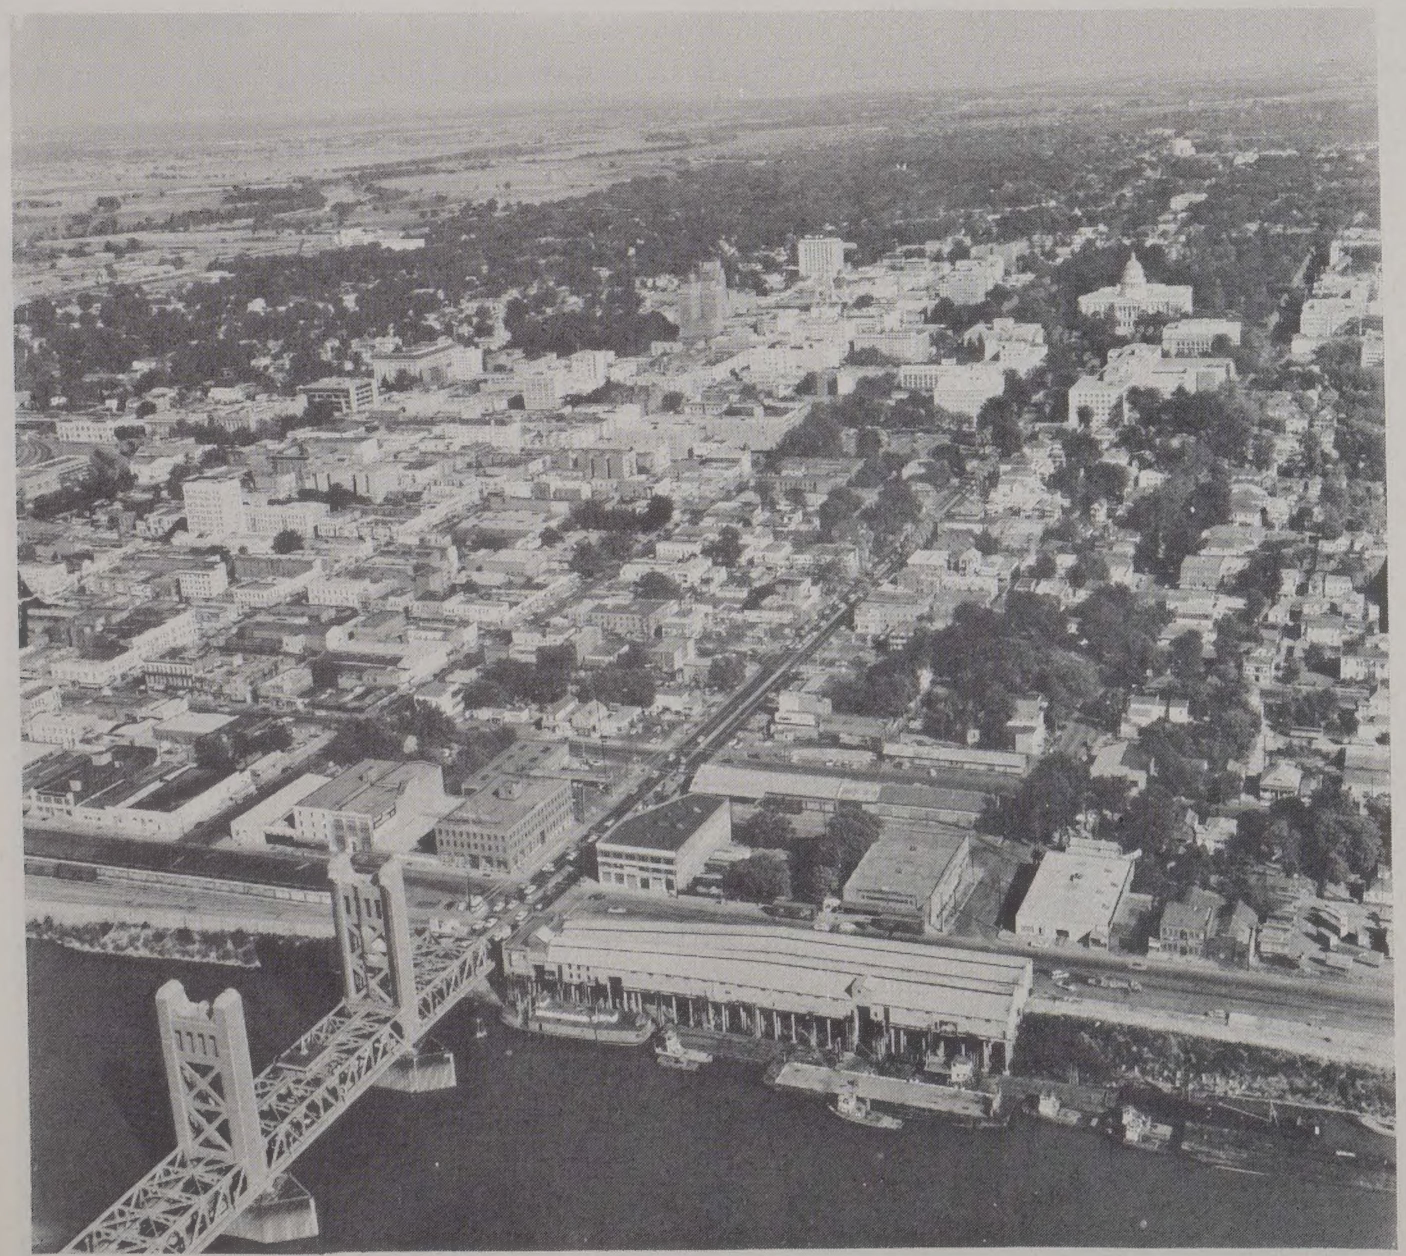
Sacramento, the "Camellia Capital" and the capital city of the state, is located at the confluence of the Sacramento and American rivers, in the center of the greatest agricultural, mineral and timber-producing area of California. With a background of history closely entwined with some of the epochal events in the civilization and development of the Pacific Coast, Sacramento through its years of civic and commercial progress has maintained leadership among the cities of the West. It is now the largest interior city in California and one of the most rapidly growing cities in America.

Sacramento has graduated from the class of the ordinary capital city to a thriving metropolis with a population of 225,400 in 1962.

The westward movement of population has found Sacramento one of the beautiful cities of the Golden State, a comfortable and prosperous community in which to live.

The city is built on a level plain with an incorporated area of 75.1 square miles. The climate is semi-tropic, with an average mean annual temperature of 60.5 degrees, and an annual average rainfall of 18.05 inches.



Aerial View of California State Capitol

Sacramento's most notable beauty is in its wide tree-lined streets and its 1,562 acres of municipal parks. No city in the West equals this in number of street trees, cared for and protected by the City government.

Sacramento is the home of the annual California State Fair, the largest and most successful exposition of its kind in the U. S. Attendance, 837,859 in 1961.

Notable among the historic points of interest are Sutter's Fort, now entirely restored to its original form, and maintained as a State museum, housing a priceless exhibit of relics of pioneer days; the Crocker Art Gallery, one of the most valuable art collections in the West; and the $24,000,000 group of Capitol buildings, surrounded by a 40-acre State park world-famed for its beauty and 400 varieties of trees, shrubs and flowers gathered from every country on the globe.

Sacramento's area school systems are recognized as one of the best in the state, noted for its educational progress, with two junior colleges, 16 senior high schools, and 16 junior high schools with two new ones presently underway. A splendid stadium, seating 24,000 persons, was erected on the Sacramento City College campus in 1928. Both City and County school facilities have kept pace with this area's rapid growth during recent years by constant enlargement and new construction of elementary and high schools. There are also 22 elementary parochial schools and six parochial high schools in the area.

Sacramento City College ranks in point of attendance as one of the largest junior colleges in California. The college, which has grown from an infant in 1926 with an initial enrollment of 45, is housed in a group of beautiful buildings on a 61-acre campus.

One of the newer junior colleges in California, American River Junior College has opened on its new and beautiful 153 acre campus in 1958. Located in the expanding north area, the college plans to accommodate some 7,500 students within its modern structures by 1970.

Sacramento State College, housed in its campus along the banks of the American River, offers a 4-year course in liberal arts, education, applied science, business, public administration and engineering. Graduate work qualifying for M. A. degree is offered here.

The beauty of Sacramento's residential sections, modern public and business buildings, beautiful churches and splendid hospitals add to its attractiveness as a home city.

Sacramento's $1,000,000 Memorial Auditorium, splendid hotel and restaurant accommodations and metropolitan theatres have made it an outstanding convention center, exceeded in numbers of state and national convention gatherings only by Los Angeles and San Francisco.

Governmental and private industries combine to provide exceptional employment opportunities in Sacramento. As the State Capital, Sacramento offers employment to over 22,000 in a number of State offices. Two Air Force installations—Mather and McClellan Air Force Bases—as well as the U. S. Army Signal Depot, are large industries in themselves, with thousands of civilian personnel on their payrolls.

In recent years the addition of several new canneries, a national detergent manufacturing plant, a plant to produce missile engines, a can-manufacturing plant, and many other new installations have enhanced Sacramento's reputation as an industrial center. Under construction now by a national firm is a multi-million dollar paper products plant.

The Southern Pacific shops in Sacramento are the second largest in the world. Also, the Western Pacific has its main shops here.

Rapid development in the space age has resulted in a complete change of Sacramento's industrial picture. For many years the high agricultural productivity in the area established canning and food processing as the principal manufacturing activity. With the coming of development in the rocket and missile field, the food processing industry has taken second place. Over 18,500 persons are employed in this new industry and the figure is increasing steadily. Feeder plants to this industry are also moving into the area and will provide even more diversification in the manufacturing field.

The second principal industry is that of canning fresh fruits and vegetables, Sacramento's four canneries being among the largest in California, and one of them the largest institution of its kind in the world. The four canneries in Sacramento produce annually 11.64 per cent of the total output of the canneries of the state. One of the largest freezing plants for the "Frozen-Food Industry" in California is located at Sacramento- Fresh fruits, vegetables, poultry, etc., are frozen here. The plants of the American Can Co. and Continental Can Co. emphasize Sacramento's position as the canning center of the State.

Sacramento has the largest almond shelling plant in the world, and more than 50 per cent of the state's total almond output is handled here.

Flour and feed mills; slaughtering and meat-packing houses; rice mills; bean cleaners; clay, pipe and pottery works; lumber and box factories, and similar industries convert into manufactured products other raw materials provided by the vast agricultural, timber and mineral wealth of the region.

Sacramento County is most fortunately situated with regard to transportation. Two great transcontinental railroad systems, the Southern Pacific and the Western Pacific, offer quick transportation to Eastern markets. Two interurban lines, the Sacramento Northern Railway and the Central California Traction, supplement these roads.

The Sacramento River, ranking among the foremost rivers in the nation in amount of tonnage carried and second in per-ton value of cargo, offers rapid and cheap water transportation to San Francisco Bay and world markets. Major work is now underway toward the completion of a deep water channel which will allow ships of all types to transport cargo in and out of Sacramento.

Paved County highways supplement the main trunk lines of the great State highway system to every important center in the county, and bus lines radiate in every direction.

Transcontinental and coastwise air mail, express, passenger and freight lines center at Sacramento's Municipal Airport.

Sacramento is the banking center of interior California, served by 11 strong banking institutions, having over 30 local branches.

This area abounds with parks. Adjoining beautiful Woodlake District, North Sacramento has Woodlake Park, where the Rotary Youth Building is located. It has a baseball diamond and softball facilities in Redwood Park, Hagginwood Park, Carmichael, Arcade and Arden are developing facilities. Del Paso Park, located in a beautiful setting of oaks, is becoming the Mecca for young and old alike, with picnic and athletic facilities for all groups. The Grant Union High School has completed four athletic fields to be used for baseball and softball. El Camino High School has an athletic field for day and night use.

The Public Works Board, in September, 1949, selected the Swanston site for the location of the new California State Fair. This was the result of concentrated efforts by the civic groups of the area. Plans are being made for the relocation of the California State Fair on this 1,065-acre site adjoining the North Sacramento Freeway on the north and Arden Way on the east. Fronting on the American River, this site will offer many advantages, and will place the California State Fair among the leaders in the nation, where it rightfully belongs.

New approaches are being constructed to the east and west of this North Area to relieve the ever-growing traffic problem. Elvas Freeway links highways 40 and 99 within the Sacramento city limits.

The population north of the American River in Sacramento County is estimated to be in excess of 250,000, and shows every sign of continuing its rapid growth.

The Sacramento City-County Chamber of Commerce serves the entire county and 12 community chambers operate in various parts of the county. All have facilities available in answering any inquiries regarding the county's communities.

History

Sacramento is associated with three epochal events in California history. The settlement established Aug. 12, 1839, by Capt. John A. Sutter at Sutter's Fort, now Sacramento, was the first settlement of white men in interior California, and marked the beginning of agricultural development that has made California first among the states of the Union in total value of agricultural products.

The discovery of gold on Jan. 24, 1848, by James W. Marshal, one of Sutter's men, at Coloma, sixty miles east of the city, brought about the celebrated Gold Rush of 1849-50, which so quickly populated the region that it was admitted to statehood on Sept. 9, 1850.

The transcontinental railroad started from Sacramento in 1863 and completed in 1869 (the old Central Pacific, now Southern Pacific) was the first to link the East to the West with bands of steel, and from the view point of lasting benefits, overshadows even Marshall's discovery.

Sacramento became California's first incorporated city in 1850 and was chosen as the capital of California in 1854.

North Sacramento and North Area

The North Area in the post-war years has expanded and developed beyond all predictions or expectations. New subdivisions which were not even dreamed of ten years ago are now completed, and many more are being laid out, all of which will tend to make this northern section of Sacramento County the center of Sacramento's metropolitan development. Many firms have located here due to the accessibility of roads which lead in all directions. Plenty of parking space and no parking meters make North Sacramento and the surrounding shopping districts, such as Arden Park, Ben Ali, Carmichael, Citrus Heights, Del Paso Heights, Fair Oaks, Gardenland, Hagginwood, Rio Linda and Town & Country, Country Club Centre, pleasant and convenient. A giant new shopping center offers two major department stores, a luxury hotel and parking accommodations for 25,000 cars daily on its 100-acre site at Arden Way and Highway 40.

The 1959 census of agriculture shows 2,351 farms in Sacramento County as compared to 3,397 in 1954. Here, as elsewhere, the small farm is decreasing in number as efficient, larger operations produce an increasingly greater percentage of the crop. The average size farm in 1959 was 232.7 acres as compared to 162.4 in 1954. The period between 1954 and 1959 saw almost 5,000 acres of farm land lost to the expanding urban areas, with 546,988 acres in farms for 1959 as compared to 551,732 acres in 1954.

Sacramento County produces, successfully more than twenty varieties of fruits and nuts, and many vegetables. Some crop is in harvest every month of the year.

The following table shows the acreage planted to leading fruits, nuts and beeries in 1960: Almonds, 1,185; apricots, 47; cherries, 90; figs, 30; wine grapes, 245; table grapes, 373; olives, 994; oranges, 176; pears, 4,341; plums, 90; peaches, 132; pistachio, 45; prunes, 445; quince, 60; strawberries, 143; walnuts, 1,266; miscellaneous fruits, 59; nursery, 130.

Acreage of leading vegetables in 1960 was: Asparagus, 1,750; peas, 300; miscellaneous vegetables, 400; tomatoes, 11,000.

Acreage of field crops in 1960 was: Alfalfa, 26,000; barley, 10,500; beans (dry), 1,500; sugarbeets, 13,440; field corn, 41,000; hay (grain), 7,000; hops, 2,863; milo, 16,000; oats, 1,000; pasture (irrigated), 45,000; rice, 9,612; safflower, 1,960; wheat, 13,500.

Acreage of seed crops in 1960 was: Vegetable seed, 25; clover, 3,408; sudan grass, 600; beans, 60.

Total estimated gross returns from agriculture in Sacramento County for 1961 was $64,351,088. Of this total, $23,033,948 was realized from field crops; fruit, nuts and berries accounted for $8,996,097; vegetables represented $6,110,325; livestock and dairy realized $17,270,025, and poultry, eggs, turkeys, etc., accounted for $5,543,243.

The region of which Sacramento is the metropolis and trading center—the 19 counties of northern California—east of the Coast Range—produces 35 per cent of California's total agricultural yield, and 75 per cent of its precious and structural mineral products; and has 9,000,000 of the 14,000,000 acres of virgin timber still standing.

Sacramento County, according to County Agriculture Commissioner Forrest H. Darby, is the most diversified in its products of any county in California. This remarkable diversification is what makes for stable and year-around prosperity.

According to the 1959 Census of Agriculture, Sacramento County ranked 32 in the nation for value of all farm products sold.

Coupled with the rich soil, ample water and intensive farming methods, this diversity places Sacramento County in a place of conspicuous leadership among the high producing counties of California. Within a 100-mile radius of Sacramento are grown nearly 50 per cent of the State's agricultural products.

Sacramento County offers ideal conditions for dairying and live stock production.

Land prices, available markets and ideal conditions assure success to the man who knows how and will farm right.

The Sacramento City-County Chamber of Commerce

This organization is the active representative of the commercial, industrial, financial and civic interests of Sacramento in promoting its welfare and prosperity. The Chamber is completely departmentalized, with its Industrial, Research and Publicity departments, under experienced managers, set up for the purpose of supplying complete and authentic information on matters relating to Sacramento and northern California. Bruce Craver is General Manager. The Chamber occupies its own building at 917 7th St, and a branch office at Marconi Ave. in the North Area. For additional detailed information, call on the Chamber of Commerce for illustrated and statistical booklets. #

Know Your Endorser

- The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

If You Cash Checks for Others

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence*. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

If You Get Checks Cashed

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

WEST SACRAMENTO DISTRICT

"Water, Highway, and Rail Gateway to the Sacramento Valley"

(Courtesy Chamber of Commerce)

The West Sacramento District Chamber of Commerce, located at 1410 Merkley Avenue, West Sacramento, California, serves the entire East Yolo Area, including the communities of Bryte, Broderick, West Sacramento and Clarksburg. Established by thirty business men in late 1947, the Chamber has grown steadily until now it has a membership of well over two hundred. Other civic and fraternal organizations in the area include the West Sacramento Rotary Club, Port District Kiwania Club, East Yolo Lions Club, Junior Chamber of Commerce, West Capitol Avenue Motel Association, Business and Professional Women's Club, and the Westport Optimist Club. Also there are three VFW Posts in the area, and an American Legion Post.

The West Sacramento District in East Yolo county is just across the river from the capitol city of California, surrounding the Sacramento-Yolo Port, eighty eight miles east of San Francisco. In 1963 the Port goes into operation, serving ocean going ships, inbound and outbound from San Francisco Bay via a forty three mile deep water channel, carrying cargo to and from World markets. Located at the cross roads of California's main North-South and East-West highways, the area is an important trucking center with local terminals established and more planned. Greyhound and Trailways bus service readily available in all directions. The area is on the Transcontinental line of the Southern Pacific; connected by belt-line Sacramento-Northern with the Western Pacific and the Santa Fe; hence, rail service in every direction. Thus by ship, rail and truck, raw materials and finished products move in and out of the area.

Close to everything, West Capitol Avenue's Miracle Motel Strip offers a wide selection of garden motel accommodations and convenience to the nearby recreational, tourist and commerce attractions. In all forty four motels with over twelve hundred rooms. Few other places offer this area's attractions for travelers. . . fishing and water sports on the Sacramento River, hunting nearby, Gold Rush landmarks, the State capitol, golfing, the State Fair. . . and many others, only minutes from the Miracle Motel Strip. On the strip too, are all the other facilities travelers require. A variety of fine dining and dancing places, automotive services, shopping centers, a theatre and a bowling center. Practically all motels have heated pools.

Churches of both Roman Catholic and Protestant denominations are well integrated and established in the area with resident pastors and organized programs of religious and cultural activities. In this area are fine subdivisions of modern homes, a highly rated unified school district at elementary and high school levels; nearby junior and state colleges are only minutes away. Although many areas in California are experiencing a rapid increase in population few can match the West Sacramento District. The increase has been little short of amazing amounting to about 230 percent since 1953, from 10,786 to 27,213.

Industrially, West Sacramento is the home of one of the world's largest Rice mills and two major cooperatives. Oil bulk storage is another major industry, with ten firms having large storage facilities here. Steel building manufacturing, commercial trailer manufacturing, cement processing, box manufacturing, meat packing firms are all located in this area. Water, gas and electric services are provided in abundance, and some four thousand acres are zoned for light and heavy industry available in parcels from one half arce to twenty acres. Prices are slightly upward from the 1960 range of $3,000 to $12,000 per acre.

Mean average temperature 60.5; maximum 72. Rainfall 18.10. Clear 230 days of the year, 72 days partly cloudy. Snow rarely falls, never in quantity. Fog sometimes in midwinter, never in summer, confined to early morning and can be disregarded. Elevation is twenty five feet. Prevailing winds southerly-mild.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Do your employers furnish you with the latest edition of the City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

A $3,000,000,000 SACRAMENTO INSTITUTION . . . WITH WESTERN WAYS!

Since its founding in 1910, Cal-Western Life has been a Sacramento institution . . . dedicated to serving Western insurance buyers with all principal forms of life insurance . . . including Ordinary Life, Annuities, Hospitalization, Accident & Health, and Group Life and Disability coverages.

Today, Cal-Western Life stands among the top 5% of all life companies in the U. S. and Canada . . . with more than $3 — billion of life insurance in force protecting more than 200,000 Western families.

Your premium dollars do double duty when you "insure with Cal-Western Life." They provide the finest protection money can buy and they help build a greater Sacramento.

★

¶ The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight.
Insist on being well represented in its pages.

Do your employers furnish you with the latest edition of the City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION . . . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Mr. Citizen! . . . .

Correct Information Is Valuable to You!

¶Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.
